The experiences that you have encountered and to which you have contributed as students of Fairhaven High School will continue to shape your development and will help you as you travel the road we humbly call life. Your class has set a high bar for expectations and for excellence. The classes that will follow in your footsteps will need to work hard to emulate your successes. ## To The Class of 2004:

It has been your class officer's honor and responsibility to lead the Class of 2004 for the entire four years that you've all been together at Fairhaven High School. They have spent countless hours in meetings creating decorations, brainstorming for fundraising ideas, counting the proceeds from fundraisers, planning, selecting prom locations, prom favors, class gifts...the list is almost endless.

They committed themselves to excellence! Everything they have done on your behalf was done to insure that every possible social function which they were responsible for planning would be enjoyable for all. All fundraisers were extremely successful and the Class of 2004 was probably the most 'financially sound' senior class that Fairhaven High School has seen in quite sometime.

Most importantly, the class officers were leaders of a great group of Seniors. They led with dignity, class and integrity and everyone else followed. The class officers should be proud of their four year tenure, their accomplishments, and the class of 2004 should be proud of themselves for electing these officers for four consecutive years and following their lead in the areas of character, behavior and pride.

Good luck and God Bless,  
The Yearbook Staff

To My Fellow Seniors:

It brings me great pleasure and sadness to write this letter to all of you. Our time at Fairhaven High School is running out, but we must not look at this as the final curtain on the great friendships and memories that we have forged throughout the years here. Each of us has our own specific recollections of our four years at FHS, and it is most important that we hold on to these memories as long as we can.

Our all too short four-year career at FHS has not been an easy road, either. As a class, we have been challenged with many adversities, especially the untimely passing of Matthew Oliveira, Robbie Thatcher, and Thomas Lague. This class, however, did not cease to amaze me during those tough times. We led the school, and showed the underclassmen how to come together and care for those in mourning.

The greatest lesson that we have learned was not solely taught in a classroom. Despite the vast differences that our class encompasses, we have treated each other with the respect and dignity that all mankind deserves. I look forward with great anticipation to our future.

As one door closes, another is opened. Now, I challenge you all to go find your door, wherever it may be.

Good luck and God Bless,  
Tom Sinko
